Mission Cancer

Missions should:

- Be **bold and inspirational**, with wide societal relevance;
- Indicate a **clear direction**: targeted, measurable and time-bound;
- Be **ambitious but realistic** research and innovation actions;
- Spark innovation **across disciplines, sectors and actors**;
- Be based on a **bottom-up approach** of multiple solutions

“By 2030, more than 3 million lives saved, living longer and better”

Work Programme for Cluster Health

Work Programme

Destination

- Expected Impacts

Calls

- Topic
- Year
- Types of Action
- Expected outcomes
- Scope

Destination, describes socio-economic challenges to be addressed and the related expected impacts that R&I activities will contribute to.

Expected Outcomes, are the desired effects of the project in the medium term such as the uptake, diffusion, use and/or deployment of the project's results by direct target groups.

Scope, describes the area of research/innovation that needs to be tackled if the expected outcomes are to be successfully addressed, without prescribing the method to achieve them.

Main types of actions in Horizon Europe

Research & Innovation Action (RIA)

Funding rate: 100%

Action primarily consisting of activities aiming to establish new knowledge and/or to explore the feasibility of a new or improved technology, product, process, service or solution.

Innovation Action (IA)

Funding rate: 70% (except for non-profit entities where 100% applies)

Action primarily consisting of activities directly aiming at producing plans and arrangements or designs for new, altered or improved products, processes or services.

Coordination and Support Action (CSA)

Funding rate: 100%

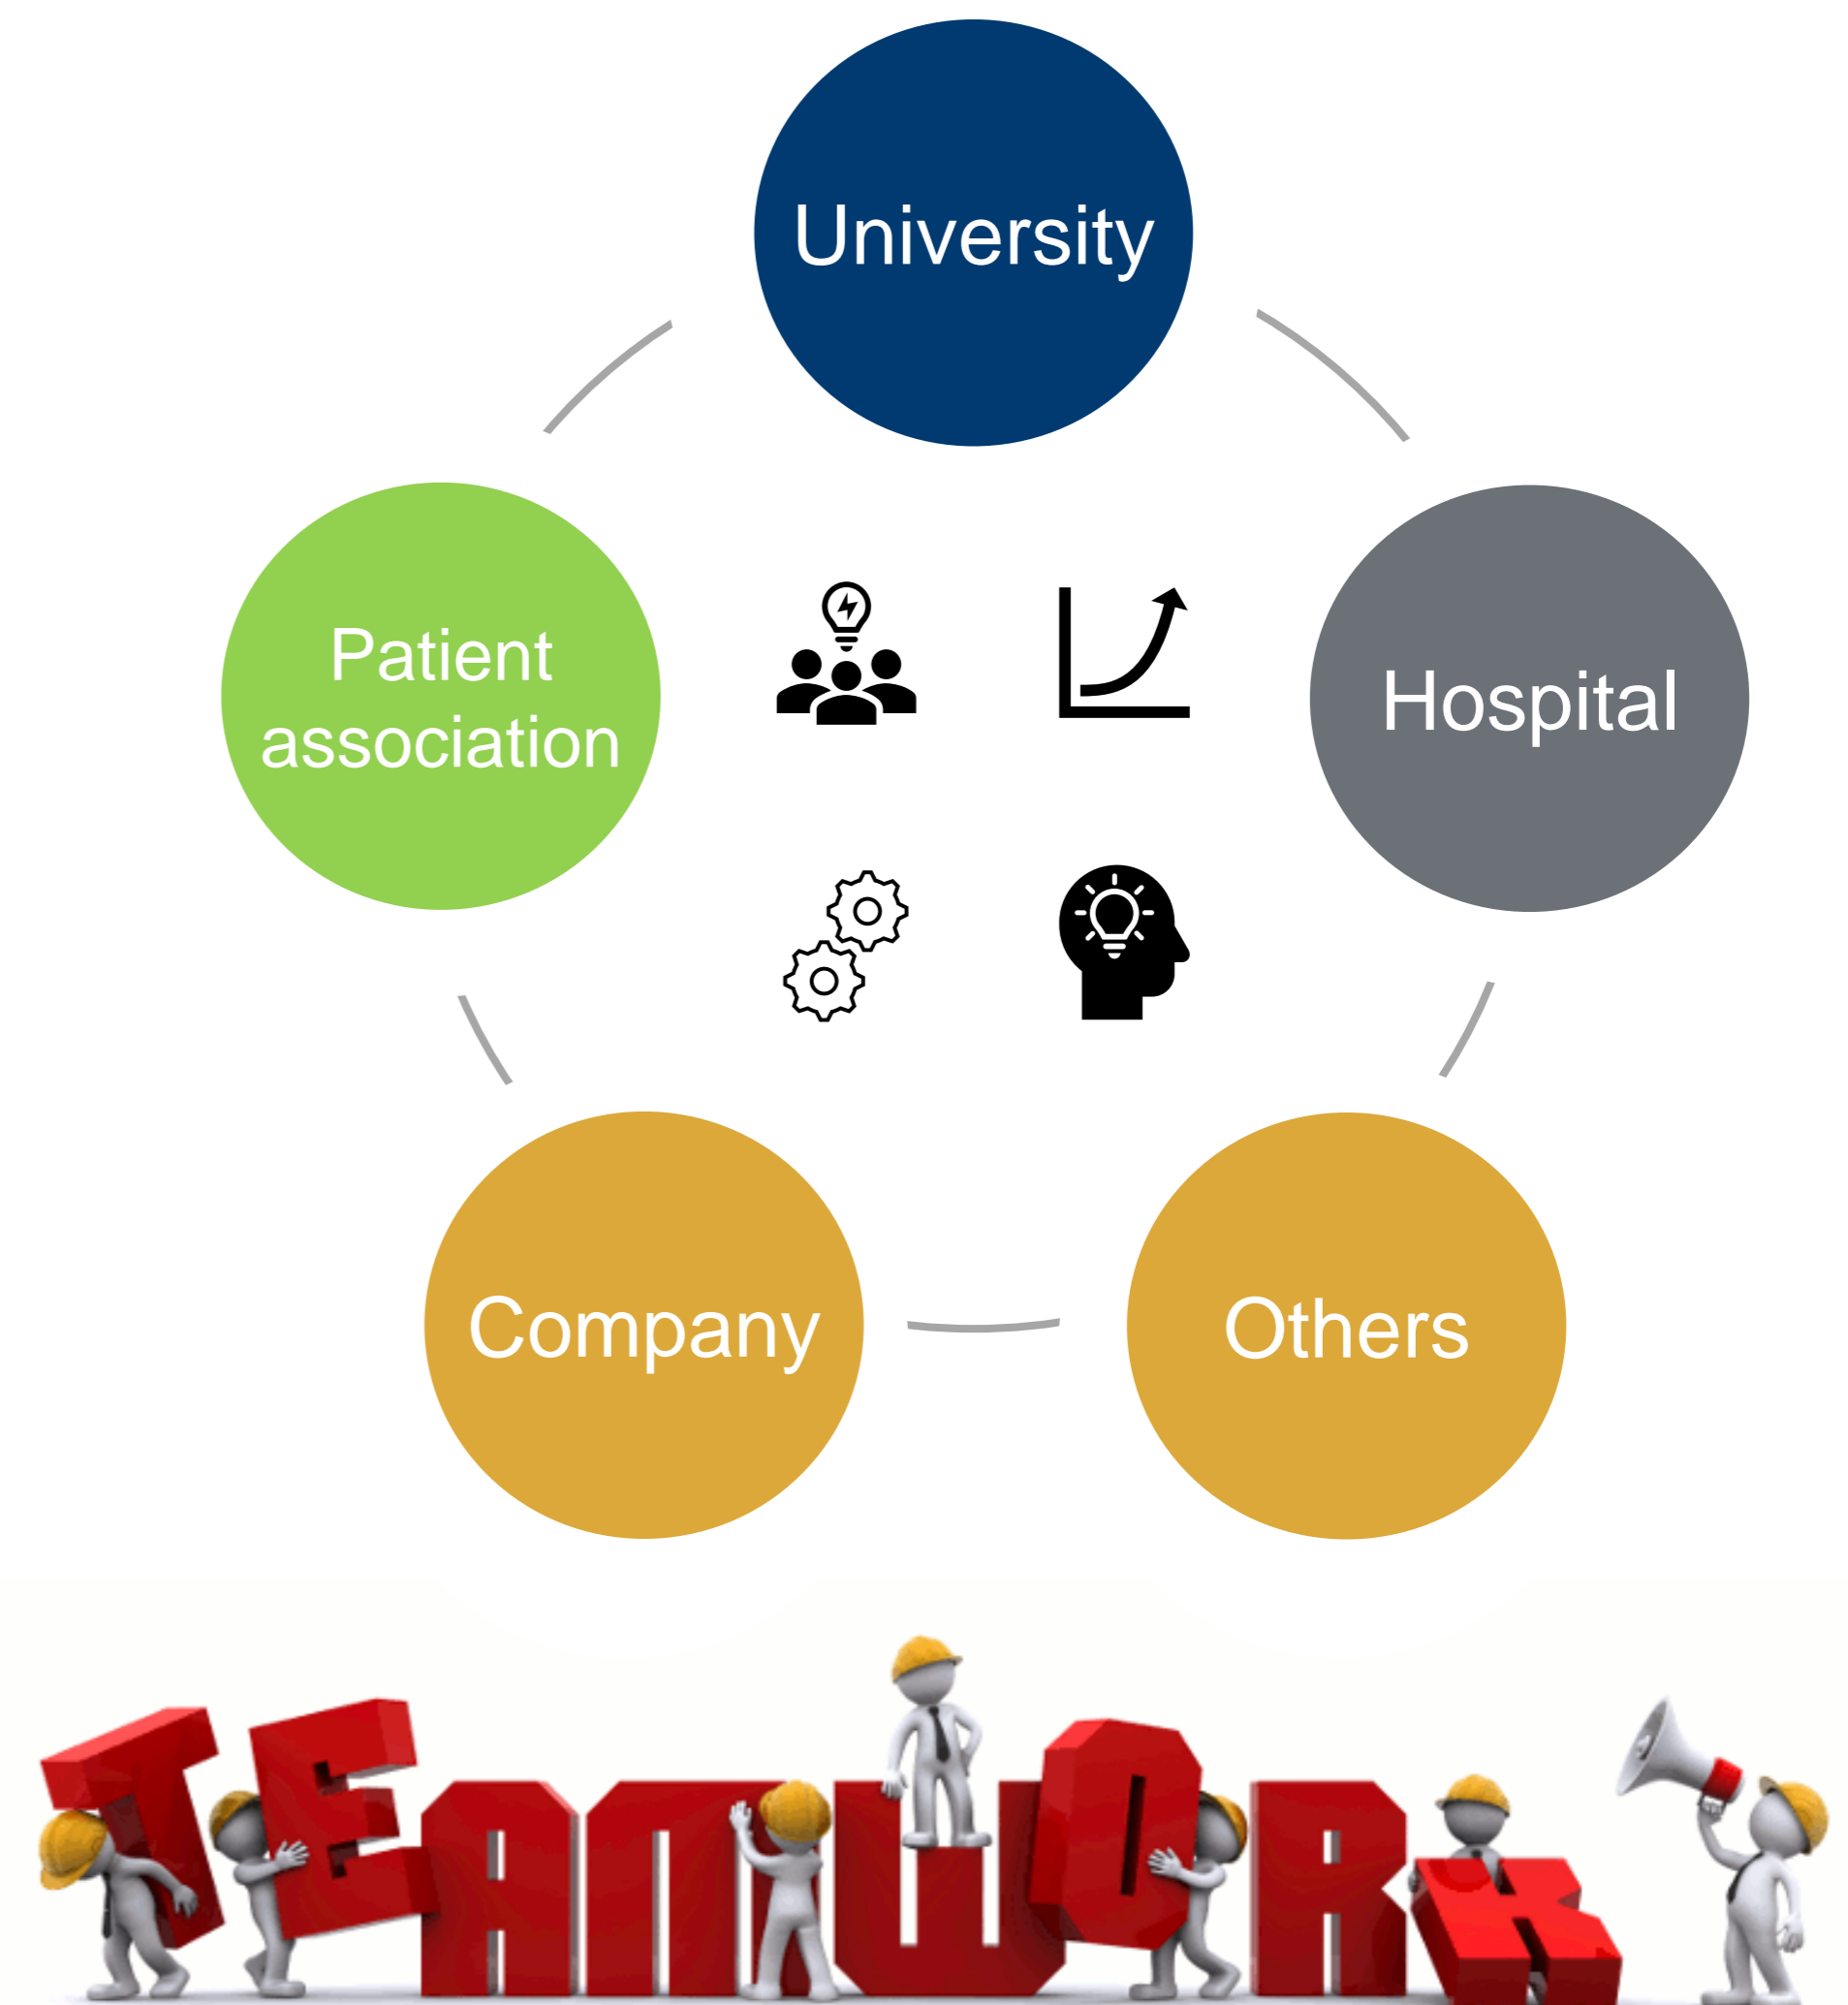

Activities contributing to the objectives of the Horizon Europe Programme, excluding research and innovation activities

Participation in Consortium – general rules

Minimum of 3 organizations from different Member States or Associated Countries
(at least one established in a Member State)

Public bodies, research org. and higher education (public or private) need to have a Gender Equality Plan

45 pages limit application (30 pages for CSA)
Excellence / Impact / Implementation

Cluster Health Destinations 2021-2024

Destination 1

Staying healthy in a rapidly changing society

Destination 2

Living and working in a health-promoting environment

Destination 3

Tackling diseases and reducing disease burden

Destination 4

Ensuring access to innovative, sustainable and high-quality health care

Destination 5

Unlocking the full potential of new tools, technologies and digital solutions for a healthy society

Destination 6

Maintaining an innovative, sustainable and globally competitive health-related industry

Staying healthy in a rapidly changing society

Research under this Destination will enable citizens to live longer and in better health as well as reduce health inequalities, thanks to improved health promotion and disease prevention actions, targeting several of the most striking aspects of changing societies.

Impacts

Citizens adopt healthier lifestyles and behaviours, make healthier choices

Citizens are empowered to manage better their physical and mental health
Interact with doctors and health care providers.

Knowledge-based health interventions

Improved health literacy

Increased engagement in effective strategies for health promotion, diseases prevention and treatment

Health policies and actions for health promotion and disease prevention are knowledge-based and designed to reduce health inequalities.

Destination 1 - 2021 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2021-STAYHLTH-01-02 Towards a molecular and neurobiological understanding of mental health and mental illness for the benefit of citizens and patients	RIA	Single	60	≈ 10	6
HORIZON-HLTH-2021-STAYHLTH-01-03 Supporting digital empowerment and health literacy – Healthy citizens 2.0	CSA	Single	3	≈ 3	1
HORIZON-HLTH-2021-STAYHLTH-01-04 A roadmap for personalised prevention	CSA	Single	3	≈ 3	1

Destination 1 - 2022 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2022-STAYHLTH-01-01-two-stage Boosting mental Health in Europe in times of change	RIA	Two stage	50	≈ 7	7
HORIZON-HLTH-2022-STAYHLTH-01-05-two-stage Trustworthy AI tools to predict the risk of chronic non-communicable diseases and/or their progression	RIA	Two stage	60	≈ 6	10
HORIZON-HLTH-2022-STAYHLTH-01-05-two-stage Prevention of obesity through the life course	RIA	Two stage	60	≈ 10	6
HORIZON-HLTH-2022-STAYHLTH-02-01 Personalised blue print of chronic inflammation in health-to-disease transition	RIA	Single	50	≈ 7	7

Living & working in a health-promoting environment

Research under this Destination will permit to understand the impacts on our health and well-being of those environmental, occupational and socio-economic risk factors, such as indoor and outdoor air pollution, chemicals, non-ionizing radiation (electromagnetic fields), urbanisation, climate and other environmental changes, socio-economic inequalities, and changing working environments.

Impacts

Scientific evidence uptake of research results into environmental, occupational, social, economic, fiscal and health policies at EU, national and regional level

Policy-makers and regulators are aware about environmental, socio-economic and occupational risk factors

Determinants of disease related to choices in energy generation, agricultural practices, industrial production, land use planning, built environment and construction

The health threats and burden resulting from hazardous chemicals and air, water and soil pollution and contamination is reduced

Living and working environments in European cities and regions are healthier, more inclusive, safer, resilient and sustainable;

Premature deaths, diseases and inequalities related to environmental pollution and degradation are prevented

Citizens understand better health issues and support related policies and regulations.

Destination 2 - 2021 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2021-ENVHLTH-02-01 Exposure to electromagnetic fields (EMF) and health	RIA	Single	30	≈ 8	4
HORIZON-HLTH-2021-ENVHLTH-02-02 Indoor air quality and health	RIA	Single	40	≈ 8	5
HORIZON-HLTH-2021-ENVHLTH-02-03 Health impacts of climate change, costs and benefits of action and inaction	RIA	Single	60	≈ 10	6

Destination 2 - 2022 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2022-ENVHLTH-04-01 Methods for assessing health-related costs to environmental stressors	RIA	Single	20	≈ 4	5

Tackling diseases & reducing disease burden

The topics under this destination will enable health care providers to better tackle and manage diseases (infectious diseases, including poverty-related and neglected diseases, non-communicable and rare diseases) and reduce the disease burden on patients effectively thanks to better understanding and treatment of diseases, more effective and innovative health technologies, better ability and preparedness to manage epidemic outbreaks and improved patient safety.

Impacts

Innovative diagnostic and therapeutic approaches,
Personalised medicine approaches,
Digital solutions, Early diagnostics,
Effective and affordable treatment,
including for patients with rare diseases

Decrease premature mortality from non-communicable diseases
Mental health and well-being promotion with an immediate impact on the related disease burden (DALYs)

Strengthen research and innovation expertise, human capacities and know-how for combatting communicable and non-communicable diseases (including through international cooperation).

Patients and citizens are knowledgeable of disease threats, involved and empowered to make decisions for their health
Better adherence to knowledge-based disease management strategies and policies

Reduction of health threats of epidemics and AMR pathogens. In particular, the epidemics of AIDS, tuberculosis, malaria, neglected tropical diseases, hepatitis, water-borne diseases and other communicable diseases.

EU leadership and standing in international fora on global health and global health security, especially in partnership with Africa.

Destination 3 - 2021 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2021-DISEASE-04-01 Towards improved supportive, palliative, survivorship and end-of-life care of cancer patients	RIA	Single	50	≈ 6	8
HORIZON-HLTH-2021-DISEASE-04-02 Building a European innovation platform for the repurposing of medicinal products	RIA	Single	50	≈ 25	2
HORIZON-HLTH-2021-DISEASE-04-03 Innovative approaches to enhance poverty-related diseases research in sub-Saharan Africa	RIA	Single	40	≈ 8	5
HORIZON-HLTH-2021-DISEASE-04-04 Clinical validation of artificial intelligence solutions for treatment and care	RIA	Single	60	≈ 6	10
HORIZON-HLTH-2021-DISEASE-04-05 A roadmap towards the creation of the European One Health antimicrobial resistance partnership (OH AMR)	CSA	Single	0,5	≈ 0,5	1
HORIZON-HLTH-2021-DISEASE-04-06 Building a European Research and Innovation Partnership for Pandemic Preparedness	CSA	Single	2	≈ 2	1
HORIZON-HLTH-2021-DISEASE-04-07 Personalised medicine and infectious diseases: understanding the individual host response to viruses (e.g., SARS-CoV-2)	RIA	Single	60	≈ 7	9

Destination 3 - 2022 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2022-DISEASE-06-02-two-stage Pre-clinical development of the next generation immunotherapies for diseases or disorders with unmet medical need	RIA	Two-stage	60	≈ 6	10
HORIZON-HLTH-2022-DISEASE-06-03-two-stage Vaccines 2.0 - developing the next generation of vaccines	RIA	Two-stage	40	≈ 8	5
HORIZON-HLTH-2022-DISEASE-06-04-two-stage Development of new effective therapies for rare diseases	RIA	Two-stage	60	≈ 8	8
HORIZON-HLTH-2022-DISEASE-07-03 Non-communicable diseases risk reduction in adolescence and youth	RIA	Single	25	≈ 3	8

Ensuring access to innovative, sustainable and high-quality health care

Research under this Destination research and innovation aims at supporting health care systems in their transformation to ensure fair access to sustainable health care services of high quality for all citizens.

Impacts

Health and social care services and systems, by shifting from hospital-centred to community-based, people-centred and integrated health care structures and successfully embedding technological innovations that meet public health needs.

Health care providers are trained and equipped with the skills and competences suited for the future needs of health care systems that are modernised, digitally transformed and equipped

Citizens are supported to play a key role in managing their own health and care, informal carers are fully supported and specific needs of more vulnerable groups and addressed.

Health policy and systems adopt a holistic approach for the evaluation of health outcomes and value of public health interventions, the organisation of health and care, and decision-making.

Destination 4 - 2021 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2021-CARE-05-01 Enhancing quality of care and patient safety	RIA	Single	25	≈ 5	5
HORIZON-HLTH-2021-CARE-05-02 Data-driven decision-support tools for better health and care delivery and for policy-making	RIA	Single	40	≈ 10	4
HORIZON-HLTH-2021-CARE-05-04 Health and care innovation procurement network	CSA	Single	5	≈ 5	1

Destination 4 - 2022 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2022-CARE-08-02 Innovation procurement (PCP) for building the resilience of health and care systems in the context of recovery	PCP	Single	25	≈ 5	5
HORIZON-HLTH-2022-CARE-08-03 Innovation procurement (PPI) for building the resilience of health and care systems in the context of recovery	PPI	Single	15	≈ 5	3
HORIZON-HLTH-2022-CARE-08-04 Better economic foresight, financial planning and procurement/contractual strategies for health systems	RIA	Single	30	≈ 5	6

Unlocking the full potential of new tools, technologies and digital solutions for a healthy society

Research under this Destination should set out a credible pathway towards unlocking the full potential of new tools, technologies and digital solutions for a healthy society.

Impacts

Europe's scientific and technological expertise and know-how.

Citizens benefit from targeted and faster research resulting in safer, more efficient, cost-effective and affordable tools, technologies and digital solutions

The EU gains high visibility and establishes leadership in terms of technology development, including through international cooperation.

The burden of diseases in the EU and worldwide is reduced

Researchers, innovators and health care providers use health data and innovative analytical tools

Citizens trust and support the opportunities offered by innovative technologies for health and care,

Destination 5 - 2021 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2021-TOOL-06-01 Smart medical devices and their surgical implantation for use in resource-constrained settings	IA	Single	25	≈ 6	4
HORIZON-HLTH-2021-TOOL-06-02 Next generation advanced therapies to treat highly prevalent and high burden diseases with unmet needs	RIA	Single	60	≈ 6	10
HORIZON-HLTH-2021-TOOL-06-03 Innovative tools for use and re-use of health data (in particular electronic health records and/or patient registries)	RIA	Single	30	≈ 8	4

Destination 5 - 2022 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
<p>HORIZON-HLTH-2022-TOOL-11-01</p> <p>Optimising effectiveness in patients of existing prescription drugs for major diseases (except cancer) with the use of biomarkers</p>	RIA	Single	60	≈ 10	6
<p>HORIZON-HLTH-2022-TOOL-11-02</p> <p>New methods for the effective use of real-world data and/or synthetic data in regulatory decision-making and/or in health technology assessment</p>	RIA	Single	35	≈ 7	5
<p>HORIZON-HLTH-2022-TOOL-12-01-two-stage</p> <p>Computational models for new patient stratification strategies</p>	RIA	Two-stage	60	≈ 6	10

Destination 5.

Maintaining an innovative, sustainable and globally competitive health industry

Research under this Destination research and innovation activities that aim at novel methodologies and metrics adapted to new tools, technologies, digital solutions and interventions, regulatory authorities supported with better methodologies and interdisciplinary approaches to assess new health technologies and interventions, Safe and clinically validated tools, technologies and services developed and delivered by European health industry , Greener pharmaceuticals and health technologies

Impacts

Health industry in the EU is more competitive and sustainable

European leadership

Job creation

Economic growth

Health industry is working more efficiently along the value chain, including through early engagement with patients, health care providers, health authorities and regulators.

European standards, including for operations involving health data, ensure patient safety and quality of healthcare services, effectiveness and interoperability

Citizens, health care providers and health systems benefit from a swift uptake of innovative health technologies and services

Health industry in the EU benefit from decreased time-to-market.

Health security in the EU benefits from reliable access to key manufacturing capacity.

Destination 6 - 2021 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2021-IND-07-01 Green pharmaceuticals	RIA	Single	40	≈ 8	5
HORIZON-HLTH-2021-IND-07-02 Development procurement and responsible management of new antimicrobials	CSA	Single	2	≈ 2	1
HORIZON-HLTH-2021-IND-07-03 Promoting a trusted mHealth label in Europe: uptake of Technical specifications for “Quality and Reliability of Health and Wellness Apps”	CSA	Single	2	≈ 2	1

Destination 6 - 2022 Topics

Topic	Action	Call Single / two stage	Total Budget	Budget per project (EUR Million)	Expected number of projects
HORIZON-HLTH-2022-IND-13-01 Enhancing Cybersecurity of connected Medical Devices	RIA	Single	20	≈ 6	3
HORIZON-HLTH-2022-IND-13-02 Scaling up multi-party computation, data anonymisation techniques and synthetic data generation	RIA	Single	30	≈ 7	4
HORIZON-HLTH-2022-IND-13-03 New payment models for cost-effective and affordable health innovations/new models of pricing	RIA	Single	15	≈ 5	3
HORIZON-HLTH-2022-IND-13-04 Setting up a European Smart Health Innovation Hub	CSA	Single	2	≈ 2	1
HORIZON-HLTH-2022-IND-13-05 Setting up a European Electronic Health Record Exchange Format Ecosystem	CSA	Single	2	≈ 2	1
